Your user name is: \_\_\_\_\_

Your temporary password is: \_\_\_\_\_

Your base home automation package includes:

**NEXIA SYSTEM -**

- **Trane Thermostat/Nexia Hub** - Control central for your system
- **(2) Smart Switches** - Front porch lights and garage sconce lights
- **(1) Appliance timer** - Hot water recycle pump in garage
- **Kwikset Front Door Lock**
- **Linear Garage Door Controller** - Works in conjunction with your garage door opener
- **Interior HD camera** (in your welcome gift package)
- **Echo DOT** (in your welcome gift package) - Gives you voice capabilities within your system

**Please follow these step-by-step instructions for setting up your Nexia System:**

**Step 1** - Switch the network on the thermostat to your WiFi network: Menu - Settings - Network - Connect to WiFi Networks - Select your home network & follow log-in instructions

**Step 2-** Download the free Nexia app onto your smart phone

**Step 3** - Sign into the app as the primary user of your system. This gives you full rights to control all your current smart home devices and any future devices you might want to add.

*\*You may want to review your portal interface at [www.mynexia.com](http://www.mynexia.com) on a laptop or personal computer as it is a little easier than with your phone.*

**Step 4** - Change your password

**Step 5** - Link up any new devices such as your camera or your Echo DOT with the instructions in your portal.

**Step 6** - To add devices of family members go to the Mobile tab and follow the directions to send them an "activation key"

**Step 7** - Review your preset "Automations" and change if needed. Automations are preset modes or times that lights go on or off, locking doors or heat settings when you are away, or at night time.
